## UNITED STATES BANKRUPTCY COURT EASTERN DISTRICT OF MICHIGAN SOUTHERN DIVISION

In re

No. 13-53846

CITY OF DETROIT, MICHIGAN,

Chapter 9

Debtor.

HON. STEVEN W. RHODES

### EXHIBIT 43 - PART 6

## APPELLEE STATE OF MICHIGAN'S DESIGNATION OF ITEMS TO BE INCLUDED IN THE RECORD ON APPEAL

in connection with Notice of Appeal filed by Lucinda Darrah [Dkt. #8812]

Item	Date Filed	Docket Number	Description
43	10/22/2014	8045	Eighth Amended Chapter 9 Plan for the Adjustment of Debts of the City of Detroit Filed by Debtor In Possession City of Detroit, Michigan (Attachments: # 1 Exhibit I.A.9 through I.A.354 # 2 Exhibit I.A.360-Part 1 # 3 Exhibit I.A.360-Part 2 # 4 Exhibit I.A.360-Part 3 # 5 Exhibit I.A.360-Part 4 # 6 Exhibit I.A.360-Part 5 # 7 Exhibit I.A.360-Part 6 # 8 Exhibit I.A.360-Part 7 # 9 Exhibit I.A.360-Part 8 # 10 Exhibit II.B.3.q.ii.A through III.D.2)

Escrow Trustee pursuant to this Agreement except for those which are adjudicated to have resulted from the gross negligence or willful misconduct of the Settlement Escrow Trustee, and shall pay such amounts to or at the direction of the Settlement Escrow Trustee.

Section 303 Resignation; Appointment of Successor Settlement Escrow Trustee; Successor Settlement Escrow Trustee Upon Merger, Consolidation or Sale. (a) The Settlement Escrow Trustee and any successor Settlement Escrow Trustee may resign only upon giving 60 days' prior written notice to the City and the Bond Insurers. Such resignation shall take effect only upon the appointment of a successor Settlement Escrow Trustee and the acceptance of such appointment by the successor Settlement Escrow Trustee. Upon appointment of a successor Settlement Escrow Trustee, the resigning Settlement Escrow Trustee shall, after payment of its fees, costs and expenses, assign all of its right, title and interest in the Settlement Escrow Fund, and transfer and assign its right, title and interest in the Settlement Escrow Agreement to the successor Settlement Escrow Trustee. The successor Settlement Escrow Trustee shall meet the requirements of Section 303(b) below and shall accept in writing its duties and responsibilities hereunder and file such acceptance with the City.

- (b) In case the Settlement Escrow Trustee shall give notice of resignation or be removed, or be dissolved, or shall be in the course of dissolution or liquidation, or otherwise become incapable of acting hereunder, or in case it shall be taken under the control of any public office or offices, or of a receiver appointed by a court, a successor may be appointed by the Bond Insurers, with the prior written consent of the City (to the extent that no breach by the City of any material agreement or covenant, i.e. an "Event of Default," shall have occurred and be continuing under this Settlement Escrow Agreement, written notice of which has been provided by the Bond Insurers to the City and the Settlement Escrow Trustee), which consent shall not be unreasonably be withheld. Every such Settlement Escrow Trustee appointed pursuant to the provisions of this Section 303(b) (i) shall at all times be a bank having trust powers or a trust company, (ii) shall at all times be organized and doing business under the laws of the United States of America or of any state, (iii) shall have, or be wholly owned by an entity having, a combined capital and surplus of at least \$75,000,000, (iv) shall be authorized under such laws to exercise corporate trust powers, and (v) shall be subject to supervision or examination by federal or state authority.
- (c) Any corporation or association into which the Settlement Escrow Trustee may be merged or converted or with or into which it may be consolidated, or to which it may sell or transfer its corporate trust business and assets as a whole or substantially as a whole, or any corporation or association resulting from any merger, conversion, sale, consolidation or transfer to which it is a party, provided such company shall be eligible under Section 303(b) hereof, shall be and become successor Settlement Escrow Trustee hereunder and shall be vested with all the trusts, powers, rights, obligations, duties, remedies, immunities and privileges hereunder as was its predecessor, without the execution or filing of any instrument or any further act on the part of any of the parties hereto.

Section 304 <u>Removal of Settlement Escrow Trustee</u>. The Settlement Escrow Trustee may be removed at any time by an instrument or concurrent instruments in writing delivered to the Settlement Escrow Trustee signed by the City and by all of the Bond Insurers. No removal of the Settlement Escrow Trustee and no appointment of a successor Settlement Escrow Trustee

shall become effective until the successor Settlement Escrow Trustee has accepted its appointment. Upon such removal and the payment of its fees, costs and expenses, the Settlement Escrow Trustee shall assign to the successor Settlement Escrow Trustee all of its right, title and interest in the Trust Estate.

### ARTICLE IV. MISCELLANEOUS

Section 401 <u>Notices; Payment Accounts</u>. Except as other provided, all notices, certificates, requests, complaints, demands or other communications under this Agreement shall be deemed sufficiently given when sent by first class mail or overnight mail postage prepaid, addressed as follows:

If to the City, to:

City of Detroit

Coleman A. Young Municipal Center 2 Woodward Avenue, Suite 1126

Detroit MI 48226

Attention: Chief Financial Officer

If to the Settlement Escrow

Trustee, to:

[U.S. Bank National Association

535 Griswold, Suite 550

Detroit, Michigan 48226

Attention: Corporate Trust Services

If to the Bond Insurers, to:

Ambac Assurance Corporation

One State Street Plaza

New York, New York 10004

Attention: Surveillance Department and

General Counsel's Office

Assured Guaranty Municipal Corp and

Assured Guaranty Corp.
31 West 52<sup>nd</sup> Street
New York, NY 10019
Attention: Kevin J. Lyons
Attention: Terence Workman

National Public Finance Guarantee Corporation

113 King Street Armonk, NY 10504

Attention: Kenneth Epstein and William J. Rizzo

The City and the Settlement Escrow Trustee may, by giving notice hereunder, in writing, designate any further or different addresses to which subsequent notices, certificates, requests, complaints, demands or other communications hereunder shall be sent.

All payments to the Bond Insurers shall be made by wire transfer to the following accounts, unless otherwise changed by any Bond Insurer by written notice to the Escrow Agent:

### [TO COME]

Section 402 <u>Termination</u>. This Agreement shall terminate following delivery of written direction from the City and the Bond Insurers to the Settlement Escrow Trustee to so terminate, together with written notice that all fees owed to the Settlement Escrow Trustee have been paid in full. Upon termination of this Agreement, any money remaining on deposit in the funds and accounts created and established hereunder shall be paid to the City.

Section 403 <u>Amendments</u>. This Agreement shall only be amended by the written agreement of all Parties.

Section 404 <u>Severability</u>. If any one or more sections, clauses or provisions of this Settlement Escrow Agreement shall be determined by a court of competent jurisdiction to be invalid or ineffective for any reason, such determination shall in no way affect the validity and effectiveness of the remaining sections, clauses and provisions of the Agreement.

Section 405 <u>Headings</u>. Any headings shall be solely for convenience of reference and shall not constitute a part of the Agreement, nor shall they affect its meaning, construction or effect.

Section 406 Settlement Escrow Agreement Executed in Counterparts. This Settlement Escrow Agreement may be executed simultaneously in several counterparts, each of which shall be deemed an original, and such counterparts together shall and will constitute one and the same instrument.

Section 407 Parties Interested Herein. Nothing in this Settlement Escrow Agreement expressed or implied is intended or shall be construed to confer upon, or to give to, any person or entity, other than the Settlement Escrow Trustee, the City and the Bond Insurers any right, remedy or claim under or by reason of this Settlement Escrow Agreement or any covenant, condition or stipulation hereof, and all covenants, stipulations, promises and agreements in this Agreement on behalf of the City shall be for the sole and exclusive benefit of the Settlement Escrow Trustee, the City, and the Bond Insurers.

IN WITNESS WHEREOF, the Parties hereto have caused this Agreement to be executed as of the date set forth above.

### **EXHIBIT B**

### FEE SCHEDULE

### Schedule of Fees for Services as **ESCROW AGENT** For **Settlement Escrow Agreement**

CTS01010A

Acceptance Fee The acceptance fee includes the administrative review of documents, initial set-up of the account, and other reasonably required services up to and including the closing. This is a one-time, non-refundable fee, payable at closing.

\$1,000.00

CTS04460

Escrow Agent Annual fee for the standard escrow agent services associated with the administration of the account. Administration fees are payable in advance.

\$5,000.00

Direct Out of Pocket Expenses Reimbursement of expenses associated with the performance of our duties, including but not limited to publications, legal counsel

At Cost

after the initial close, travel expenses and filing fees. Extraordinary Services Extraordinary Services are duties or responsibilities of an

unusual nature, including termination, but not provided for in the governing documents or otherwise set forth in this schedule. A reasonable charge will be assessed based on the nature of the services and the responsibility involved. At our option, these charges will be billed at a flat fee or at our hourly rate then in effect.

Account approval is subject to review and qualification. Fees are subject to change at our discretion and upon written notice. Fees paid in advance will not be prorated. The fees set forth above and any subsequent modifications thereof are part of your agreement. Finalization of the transaction constitutes agreement to the above fee schedule, including agreement to any subsequent changes upon proper written notice. In the event your transaction is not finalized, any related out-of-pocket expenses will be billed to you directly. Absent your written instructions to sweep or otherwise invest, all sums in your account will remain uninvested and no accrued interest or other compensation will be credited to the account. Payment of fees constitutes acceptance of the terms and conditions set forth.

### IMPORTANT INFORMATION ABOUT PROCEDURES FOR OPENING A NEW ACCOUNT:

To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions to obtain, verify and record information that identifies each person who opens an account.

For a non-individual person such as a business entity, a charity, a Trust or other legal entity we will ask for documentation to verify its formation and existence as a legal entity. We may also ask to see financial statements, licenses, identification and authorization documents from individuals claiming authority to represent the entity or other relevant documentation.

Dated: July 21, 2014

### Exhibit E

### **CONFIRMATION ORDER INSERT**

### UTGO Settlement Agreement - Insert for Confirmation Order

### Findings of Fact and Conclusions of Law

A. After sufficient notice and opportunity for all parties to be heard, and after due deliberation, based on the Court's thorough review and full consideration of the UTGO Settlement Agreement and good and sufficient cause appearing therefor, the Court makes the following findings of fact and conclusions of law. Any finding of fact constitutes a finding of fact even if it is stated as a conclusion of law, and any conclusion of law constitutes a conclusion of law even if it is stated as a finding of fact. All findings of fact and conclusions of law announced by the Court on the record in connection with confirmation of the Plan or otherwise at the Confirmation Hearing are incorporated herein by reference. The findings and conclusions set forth herein and in the record of the Confirmation Hearing constitute the Court's findings of fact and conclusions of law pursuant to Rule 52 of the Federal Rules of Civil Procedure, as made applicable herein by Bankruptcy Rules 7052 and 9014.

B. The UTGO Settlement described in the Plan and the UTGO Settlement Agreement are fair, equitable, reasonable, and in the best interests of the City and its creditors and residents.<sup>2</sup> The UTGO Settlement Agreement is the result of extensive arms' length negotiations among the City and the UTGO Bond Insurers – all of whom were represented by

The findings of fact and conclusions of law set forth herein and announced on the record during the Confirmation Hearing shall be construed in a manner consistent with each other so as to effect the purpose of each; provided, however, that if there is any direct conflict that cannot be reconciled, then, solely to the extent of such conflict, the provisions of this Confirmation Order shall govern and shall control and take precedence over any findings of fact or conclusions of law announced on the record at the Confirmation Hearing.

<sup>&</sup>lt;sup>2</sup> Capitalized terms used herein but not defined shall have the meanings ascribed to them in the Plan or the UTGO Settlement Agreement, a copy of which is attached to the Plan as Exhibit

sophisticated counsel. The compromises and settlements embodied in the UTGO Settlement (a) resolve all disputes with respect to claims classified in Class 8 under the Plan and the issues raised by the UTGO Bond Insurers in the UTGO Litigation and (b) are, collectively, a key compromise upon which several provisions of the Plan rest. In the absence of such compromises and settlements, the City's emergence from chapter 9 would likely have been delayed by litigation and burdened with additional expenses. The UTGO Settlement and the UTGO Settlement Agreement: (a) were negotiated and entered into in good faith, (b) comport with policies and purposes of chapter 9, (c) are fair, equitable and reasonable; (d) are in the best interests of the City and its creditors and residents as they not only fully resolve the UTGO Litigation but also permit the City's assignees to receive value from the Assigned UTGO Bond Tax Proceeds as set forth in the Plan; (e) are within the range of reasonable results if the disputes resolved by the UTGO Settlement, including the Assured/NPFG Action and the Ambac Action as they relate to the UTGO Bonds, were instead litigated to a conclusion; (f) fall above the lowest point in the range of reasonableness; and (g) meet the standards for approval under sections 105(a) and 1123(b) of the Bankruptcy Code, Bankruptcy Rule 9019(a) and other applicable law.

- C. Without limiting any of the foregoing, the Court hereby finds that:
  - a. The Plan incorporates the UTGO Settlement Agreement, and the effectiveness of the Plan is expressly conditioned upon: (a) the Michigan Finance Authority board having approved the issuance of the MFA Bonds and such bonds having been issued; and (b) the City having obtained all governmental and Emergency Manager consents and approvals required to carry out the terms of the UTGO Settlement Agreement.

CLI-2233353v5

- b. As of the Effective Date, the Plan represents a full, final and complete compromise, settlement, release and resolution of, among other matters, all disputes and pending or potential litigation (including any appeals), including, without limitation, the UTGO Litigation, regarding the allowability, amount, priority and treatment of the Unlimited Tax General Obligation Bond Claims. The treatment of Class 8 UTGO Claims under the Plan is a component of a settlement and compromise of the UTGO Litigation.
- c. Good and valuable consideration has been provided for all releases and exculpations granted pursuant to the UTGO Settlement Agreement, including, without limitation, the releases and exculpations granted pursuant to sections 6.1 and 6.2 of the UTGO Settlement Agreement.

  Such provisions are fair, equitable, reasonable and integral elements of the UTGO Settlement Agreement.
- d. The Court confirms that as of the Effective Date and pursuant to Emergency Manager Order No. \_\_, the Municipal Obligation shall be secured, to the extent permitted by law, including without limitation section 12(1)(x) of Act 436, by a lien granted by the City on the UTGO Bond Tax Levy for so long as either the Municipal Obligation or the Stub UTGO Bonds are outstanding.
- e. As of the Effective Date, the UTGO Bond Tax Levy shall constitute "special revenues," as defined in section 902 of the Bankruptcy Code, and

- "pledged special revenues," as that term is used in section 922(d) of the Bankruptcy Code.
- f. As of the Effective Date, the MFA shall possess a valid and enforceable statutory fourth lien and trust on Distributable State Aid, as provided in section 15(2) of the Shared Credit Rating Act or as otherwise provided under applicable law.
- As of the Effective Date, Holders of the MFA Bonds shall possess all of g. the MFA's rights and interest in the Municipal Obligation including all the rights and interest provided herein and under the UTGO Settlement Agreement, subject to the reservation by the MFA of rights to indemnification and to make all determinations and approvals and receive all notices accorded to it under the Municipal Obligation and related documents. Accordingly, the MFA Bonds will be payable from and secured by (i) payments made by the City on the Municipal Obligation and to the extent permitted by law, including without limitation section 12(1)(x) of Act 436, a lien on the portion of the UTGO Bond Tax Levy allocable to the Municipal Obligation, pledged by the City to secure the Municipal Obligation and (ii) a lien, made a statutory lien as provided by the Shared Credit Rating Act, on moneys in the funds and accounts established for the MFA Bonds under the authorizing resolution for such bonds, including payments pledged by the City and received and held by the MFA or its trustee for the MFA Bonds, which include, without

CLI-2233353v5 4

limitation, all payments of (x) the proceeds of the UTGO Bond Tax Levy and (y) Distributable State Aid.

NOW, THEREFORE, IT IS HEREBY ORDERED, ADJUDGED, AND DECREED THAT:

- 1. The UTGO Settlement. Consistent with the findings herein, the UTGO Settlement and the UTGO Settlement Agreement, including without limitation all of the transactions contemplated, the liens granted, and the protections created therein, are APPROVED in their entirety as a good faith, fair, reasonable, and equitable compromise and settlement of all disputes with respect to claims classified in Class 8 under the Plan that is in the best interests of the City and its creditors and residents. The entry of this Confirmation Order constitutes approval of the UTGO Settlement Agreement pursuant to the Bankruptcy Rules, including Bankruptcy Rule 9019, the Bankruptcy Code, including section 1123, and Act 279, Public Acts of Michigan, 1909, as amended; Act 436, Public Acts of Michigan, 2012; Act 34, Public Acts of Michigan, 2001, as amended; and Act 80, Public Acts of Michigan, 1981, as amended. As provided in the Plan, on the Effective Date, the UTGO Settlement Agreement shall be binding on the City, Ambac, Assured and NPFG.
- 2. <u>Approval of Exculpations and Releases</u>. All exculpations and releases granted pursuant to the UTGO Settlement, including, without limitation, the releases and exculpations granted pursuant to sections 6.1 and 6.2 of the UTGO Settlement Agreement, are hereby approved in their entirety. The Court approves such settlements and releases on the grounds that good and valuable consideration has been provided therefor, and that such provisions are fair, equitable, reasonable, and integral elements of the UTGO Settlement Agreement.

CLI-2233353v5 5

- 3. <u>Segregation of UTGO Bond Tax Levy</u>. The proceeds of the UTGO Bond Tax Levy collected by the City shall be segregated and transmitted to the Debt Millage Escrow Trustee under the Debt Millage Deposit Escrow Agreement, and the Debt Millage Escrow Trustee shall segregate and transmit the proceeds allocable to the Municipal Obligation to the Master Trustee in accordance with section 2.4(a) of the UTGO Settlement Agreement.
- 4. <u>Annual Certification of Debt Millage Levy</u>. Pursuant to the Section 2.7(b) of the UTGO Settlement Agreement, the City shall certify annually, not later than June 30 of each year, that it has imposed the debt millage levy as required by and in accordance with the terms of the UTGO Settlement Agreement.
- 5. Retention of Jurisdiction. Pursuant to section 945(a) of the Bankruptcy Code, the Court shall retain jurisdiction over the UTGO Settlement and the UTGO Settlement Agreement and any dispute arising from or related to the UTGO Settlement Agreement. For the avoidance of doubt and as the City has consented, the Court shall retain exclusive post-confirmation authority and power, to implement, interpret and enforce the UTGO Settlement Agreement and all Settlement-Related Documents, including, without limitation, all exhibits to the UTGO Settlement Agreement, the Restructured UTGO Bonds, the Municipal Obligation and the MFA Bonds. As the City has consented, the Court reserves all powers as are necessary or appropriate to enforce or to give effect to the Court's retained jurisdiction under the Plan and this Confirmation Order, including by way of injunction, as long as any of the Municipal Obligation, Stub UTGO Bonds or MFA Bonds are outstanding.

### EXHIBIT II.B.3.q.ii.C

TERMS OF PFRS PENSION RESTORATION

### TERMS OF PFRS PENSION RESTORATION

### Pension Restoration Process

The following rules shall govern how accrued pensions, including COLA benefits, that are reduced as part of the Plan of Adjustment, shall be restored during the thirty year period following the Confirmation Order. The pension restoration process shall be supervised, and restoration decisions undertaken by the Investment Committee of PFRS and in accordance with the pension governance provisions set forth in the State Contribution Agreement and exhibits thereto. This pension restoration program shall be deemed a part of Component II of the Combined Plan for the Police and Fire Retirement System, but in the event of any conflict between the language set forth herein and the Combined Plan the terms of this Pension Restoration Agreement will govern.

### **GENERAL RESTORATION RULES**

### I. PFRS RESTORATION

### 1. <u>Waterfall Categories</u>

There will be three Waterfall Classes:

- a. PFRS Waterfall Class 1 Retirees in retirement benefit pay status as of June 30, 2014, and their surviving spouses and beneficiaries
- b. PFRS Waterfall Class 2 Retirees, who entered into retirement benefit pay status after June 30, 2014, and their surviving spouses and beneficiaries, and who are in pay status as of the end of the PFRS Fiscal Year prior to the year in which the restoration decision is made
- c. PFRS Waterfall Class 3 All retirees, surviving spouses, and beneficiaries in pay status and all other PFRS participants who as of June 30, 2014 are not in retirement benefit pay status

### 2. <u>General PFRS Pension Restoration Through June 30, 2023</u>

Each year in conjunction with the annual actuarial valuation report, the PFRS actuary will project the PFRS funded ratio as of 2023 based upon the market value of plan assets relative to the actuarial accrued liabilities (the "Funded Level"). This projection will be further based upon a 6.75% assumed rate of investment return which is net of expenses (administrative and investment), future employer contributions as set forth in the Plan of Adjustment (subject to conditions in the Plan of Adjustment), and such other actuarial

assumptions as utilized by the PFRS actuary. For purposes of PFRS Restoration through June 30, 2023, the Funding Target will be a 75% funded ratio, and the Restoration Target will be a 78% funded ratio, both projected to June 30, 2023. For purposes of calculating the funded ratio, the assets in the Restoration Reserve Account will be excluded. Each year, if the actuary projects that the Funded Level as of 2023 (excluding Restoration Account assets to avoid double counting) exceeds the Restoration Target (i.e., exceeds 78%), a credit of assets for bookkeeping purposes will be made into a new notional Restoration Reserve Account. The notional credit will be an amount equal to the excess of assets above the amount projected to be needed to satisfy the Restoration Target. Once the Restoration Reserve Account is established, each year thereafter, Restoration Account assets will be credited with interest in an amount equal to the net return on plan investments but capped at the actuarially assumed rate of investment return (i.e., 6.75% for the period through June 30, 2023). In the event of net losses, the credited asset value of the Restoration Reserve Account will be diminished to reflect such losses and any required transfer to the PFRS Pension Reserve Account as provided herein.

Actual restoration payments and restoration credits will work as follows: each year, in conjunction with the preparation of the annual actuarial valuation report and following establishment of the Restoration Reserve Account, the PFRS actuary will determine whether there are sufficient funds in such account to restore COLA benefits in a minimum incremental amount of 10% or more. For example: If a retiree's then current COLA benefit is a 1.0% annual compounded COLA, the minimum incremental restoration would increase the COLA benefit to 1.225%. COLA restoration only will occur if the funding level in the Restoration Reserve Account can fund 100% of the COLA increase over the actuarially-projected lives of the eligible recipient PFRS Waterfall Class. If the actuary certifies that the Restoration Reserve Account as of the end of the prior PFRS fiscal year satisfies the required funding level for one or more increments of restoration, then in the next immediate PFRS fiscal year actual COLA restoration payments will be made to PFRS Waterfall Class 1 members in such increments until an amount sufficient to fund 66% of the value of their future COLA payments (e.g., a 1.5% compound COLA, or as otherwise applicable) has been funded. At that juncture, and to the extent that additional assets in the Restoration Reserve Account would fully fund COLA restoration in at least one minimum 10% increment (i.e., amounts equal to 10% of the value of future COLA payments), PFRS Waterfall Class 2 members will receive COLA restoration, until an amount sufficient to fund 66% of the value of their future COLA payments has been funded. At that juncture, and to the extent that additional assets in the Restoration Reserve Account would fully fund COLA restoration in at least one minimum 10% increment (i.e., amounts equal to 10% of the value of future COLA payments), PFRS Waterfall Class 3 members will receive COLA restoration on a pro-rata basis. For PFRS Waterfall Class 3 members who are in pay status at that time of restoration, they will receive COLA payments; for active employees at the time of restoration, they will receive credits granting them a right upon retirement to receive COLA restoration equal to the 10% increments that are fully funded to PFRS Waterfall Class 3 members. For Example: Assume there are sufficient assets credited to the Restoration Reserve Account as of the

end of a fiscal year to fully fund 66% of the value of the COLA for all PFRS Waterfall Class 1 and Class 2 members for their actuarially projected lives. To the extent additional assets remain in the Restoration Reserve Account to fully fund at least a 10% COLA increment for PFRS Waterfall Class 3 members for their actuarially projected lives, then (i) all retirees would receive a restoration payment of 76% of the value of their COLAs (their having already received by virtue of their membership in PFRS Waterfall Classes 1 and 2 an increase to 66% of the value of their COLAs) and also a 10% COLA increment would be credited to eligible active employees which would be included in their benefit payments upon retirement (thus causing their COLAs to increase in value from 45% to 55%). Restoration amounts actually paid from the Restoration Reserve Account will be debited from such account. Restoration payments will be calculated and paid on a prospective basis only.

Once restoration payments and credits begin, as long as the Restoration Reserve Account continues to have assets to fund 100% of an incremental COLA restoration amount for such Waterfall Class for their actuarially projected lives, the restoration payments and credits will continue; provided, however, that in the event the Restoration Reserve Account, after having sufficient assets to fund 100% of two or more increments, falls below 100% for the second or greater increment, the annual amounts to pay such second or greater increment can continue until the Restoration Reserve Account lacks any assets to fund such additional increment. For Example, assume a 10% increment in PFRS Waterfall Class 1 requires \$10 million in assets to be fully funded for the PFRS Waterfall Class' actuarially projected lives, and that based on FY 2018 results the Restoration Reserve Account has assets of \$22 million so as to fund two increments of restoration in FY 2019. Assume further that in the following year the Restoration Reserve Account drops in value to \$17 million; in such event two increments could still be paid, and the second increment would cease being paid only if the value of assets in the Restoration Reserve Account dropped to or below \$10 million (in the event they dropped below \$10 million, the first increment also would cease being paid). For purposes of restoration reduction, restoration increments will be taken away in reverse order in which they were granted (i.e. last in, first out).

If the PFRS Funded Level (excluding Restoration Reserve Assets) projected to 2023 falls below 76% (hereinafter, "Restoration Reserve Suspension Trigger"), then, until such time as the projected PFRS Funded Level in 2023 is 76% or above, further interest credits to the notional Restoration Reserve Account will cease notwithstanding the actual net PFRS investment returns for the fiscal year in question. Furthermore, if the PFRS Funded Level projected to 2023 falls below the Funding Target (i.e., 75%) then restoration payments to retirees and credits to active employees in the following year will be modified in the following manner: (1) funds previously credited to the Restoration Reserve Account will be notionally transferred and credited to the PFRS Pension Reserve Account in sufficient amounts to restore the projected PFRS Funded Level in 2023 to 75%; (2) following such transfer, the remaining assets in the Restoration Reserve Account shall be applied to

make restoration payments in accordance with and pursuant to the same mechanism described in the previous paragraph.

In connection with preparation of the actuarial report for FY 2023, the PFRS actuary will determine whether PFRS has satisfied the Permanent Restoration Target, which shall be 78%. Transfers from the Restoration Reserve Account for credit to the PFRS Pension. Reserve Account may be made in such amounts as are necessary to satisfy the Permanent Restoration Target. If following such transfers, the PFRS Funded Level as of June 30, 2023 has satisfied the Permanent Restoration Target (i.e., 78%), then the residual amounts, if any, in the Restoration Reserve Account (which will necessarily represent excess not necessary to satisfy the Permanent Restoration Target), and which fully fund one or more increments of COLA restoration payments for one or more PFRS Waterfall Classes for their actuarially projected lives, shall be transferred from the Restoration Reserve Account and credited to the PFRS Pension Reserve Account and the applicable incremental COLA payments shall be permanently restored for the applicable PFRS Waterfall Class and shall no longer be variable from year to year.

Following receipt of the actuarial reports for 2019, and in the event that the projected Funded Level of PFRS as of 2023 is less than 76%, the PFRS actuary shall revisit the restoration calculations that it made during each of the prior 4 years. It shall recalculate each such prior year's Funded Level projection, this time by assuming the lesser of (i) \$4.5 million in annual administrative expenses until 2023, or (ii) an amount of annual administrative expenses until 2023 equal to the average annual normal course administrative expenses in the prior 4 years applicable to Component II, in addition to a net 6.75% annual investment return. If such retrospective recalculation indicates that fewer amounts would have transferred to the PFRS Restoration Reserve Account than actually were transferred during such look back period, then the PFRS Restoration Reserve Account shall be debited by the lesser of (i) this difference (plus interest at a rate equal to the rate that was credited to the Restoration Reserve Account during the look-back period or (ii) the dollars that were actually paid out in restoration payments during such lookback period (plus interest at a rate equal to the rate that was credited to the Restoration Reserve Account during the look-back period); or (iii) the amount required to increase the projected 2023 PFRS Funded Level to 76%.

### 3. General PFRS Pension Restoration from July 1, 2023 to June 30, 2033.

If and to the extent that all COLA payments have not been restored pursuant to the permanent restoration feature as of June 30, 2023 described in the immediately preceding paragraph, then during this period and for purposes of variable restoration, the Funding Target, the Restoration Target, the Permanent Restoration Target and the Restoration Reserve Suspension Trigger shall be as set forth on Exhibit A hereto, all projected as of June 30, 2033. The same rules for restoration payments that applied during the period ending June 30, 2023 shall apply (including ceasing interest credits in

the event of a Restoration Reserve Suspension Trigger, and making Restoration Account asset transfers in the event the 2033 PFRS Funded Level falls below the 2033 Funding Target), except as follows. For purposes of determining whether the 2033 Restoration Target has been satisfied, the Plan actuary shall project investment returns through June 30, 2033 at the then current investment return assumption which is assumed to be net of expenses (administrative and investment), and the then applicable actuarial assumptions as utilized in the annual actuarial valuation. Further, the Plan actuary shall assume, merely for purposes of determining whether the Restoration Target is satisfied, that the annual City contribution amount shall be the annual amount necessary to fund the PFRS based upon an amortization of the actual 2023 UAAL (using the market value of assets) over 30 years (hereinafter, the "2023 UAAL Amortization") and in such manner that the resulting annual contribution stream would achieve the applicable PFRS' Funding Target (on Exhibit A) as of 2033. (Such projected, hypothetical contributions shall be for purposes only of making restoration determinations, and shall not necessarily be the actual contributions made or required to be made by the City or recommended during such period; all of which shall be determined independent of the restoration calculation process). For purposes of calculating the funded ratio, the assets in the Restoration Reserve account will be excluded

To the extent that the City's actual contributions to the PFRS in any of the FYs 2024 (i.e., the year ending June 30, 2024) through 2033 are greater than the projected annual contribution under the 2023 UAAL Amortization, such amounts, and any investment earnings thereon, shall be notionally credited to a new bookkeeping account in PFRS called the Extra Contribution Account. In determining pension restoration during the period from FY 2024 through 2033, none of the amounts in the Extra Contribution Account shall be considered for purposes of determining the projected funded level for the Restoration Target or Permanent Restoration Target. To the extent that the City's actual contributions to the PFRS in any of the FYs 2024 through 2033 are less than the projected annual contribution under the 2023 UAAL Amortization, such difference and any investment earnings thereon shall be notionally allocated to the Restoration Reserve Account.

Each year, in addition to the crediting of assets that exceed the amount necessary to satisfy the Restoration Target, existing Restoration Account assets will be credited with interest equal to the net return on plan investments, but capped at the then actuarial investment return assumption. In the event of net losses, the credited asset value of the Restoration Reserve Account will be diminished to reflect such losses.

In connection with preparation of the annual actuarial valuation report for FY 2033, the PFRS actuary will determine whether PFRS has satisfied the applicable Permanent Restoration Target, as set forth on Exhibit A. Transfers from the Restoration Reserve Account for credit to the PFRS Pension Reserve Account may be made in such amounts as are necessary to satisfy the Permanent Restoration Target. If following such transfers the funding level as of June 30, 2033 has satisfied the applicable Permanent Restoration

Target , then the residual amounts in the Restoration Reserve Account, if any (which will necessarily represent excess not necessary to satisfy the Permanent Restoration Target), and which fully fund one or more increments of COLA restoration payments for one or more PFRS Waterfall Classes, shall be transferred from the Restoration Reserve Account and credited to the PFRS Pension Reserve Account and the applicable incremental COLA payments shall be permanently restored for the applicable PFRS Waterfall Class and shall no longer be variable from year to year.

Following receipt of the actuarial reports for 2028, and in the event that the projected Funded Level of PFRS as of 2033 is less than 79%, the PFRS actuary shall revisit the restoration calculations that it made during each of the prior 4 years. It shall recalculate each such prior year's Funded Level projection, this time by assuming the lesser of (i) \$4.5 million in annual administrative expenses until 2033, or (ii) an amount of annual administrative expenses until 2033 equal to the average annual normal course administrative expenses in the prior 4 years applicable to Component II, in addition to a net 6.75% annual investment return. If such retrospective recalculation indicates that fewer amounts would have transferred to the PFRS Restoration Reserve Account than actually were transferred during such look back period, then the PFRS Restoration Reserve Account shall be debited by the lesser of (i) this difference (plus interest at a rate equal to the rate that was credited to the Restoration Reserve Account during the applicable lookback period or (ii) the dollars that were actually paid out in restoration payments during such look-back period (plus interest at a rate equal to the rate that was credited to the Restoration Reserve Account during the applicable look-back period); or (iii) the amount required to increase the projected 2033 PFRS Funded Level to 79%.

### 4. General PFRS Pension Restoration from July 1, 2033 to June 30, 2043.

If and to the extent that all COLA payments have not been restored pursuant to the permanent restoration feature as of June 30, 2033 described in the immediately preceding paragraph, then during the period ending June 30, 2044 and for purposes of variable restoration, the Funding Target , the Restoration Target, the Permanent Restoration Target and the Restoration Reserve Suspension Trigger shall be as set forth on Exhibit A hereto. The same rules for restoration that applied during the period ending June 30, 2033 shall otherwise apply (including ceasing interest credits in the event of a Restoration Reserve Suspension Trigger, and making Restoration Account asset transfers in the event the 2043 PFRS Funded Level falls below the 2043 Funding Target), and shall be rolled forward. For example, for purposes of determining whether the 2043 Restoration Target has been satisfied, the Plan actuary shall project annual contributions using the same 2023 UAAL Amortization. For purposes of calculating the funded ratio, the assets in the Restoration Reserve account will be excluded, and no Extra Contribution Account assets shall be included for purposes of determining whether the Funded Level meets the Restoration Target or Permanent Restoration Target, including any additions to such account after 2033.

In connection with preparation of the annual actuarial valuation report for FY 2043, the PFRS actuary will determine whether PFRS has satisfied the applicable Permanent Restoration Target, as set forth on Exhibit A. Transfers from the Restoration Reserve Account for credit to the PFRS Pension Reserve Account may be made in such amounts as are necessary to satisfy the Permanent Restoration Target. If following such transfers the PFRS Funded Level as of June 30, 2043 is equal to or greater than the applicable Permanent Restoration Target, then the residual amounts in the Restoration Reserve Account, if any (which will necessarily represent excess not necessary to satisfy the Permanent Restoration Target), shall be transferred from the Restoration Reserve Account and credited to the PFRS Pension Reserve Account and the applicable incremental COLA payments shall be permanently restored for the applicable PFRS Waterfall Class and shall no longer be variable from year to year.

### 5. Modification of the Pension Restoration Program

If any time after July 1, 2026, the PFRS Investment Committee (by vote of 5 of its 7 members), or the PFRS Board of Trustees (by a greater than 66% vote) determines that a change in relevant circumstances has occurred, or there was a mutual mistake of fact in developing this Pension Restoration Agreement, such that the continued operation of this Agreement without amendment will: (a) materially harm the long-term economic interests of the City, or Retirement System; (b) materially impair the City's ability to fully fund over a reasonable period the then existing frozen benefit liabilities; or (c) materially hinder the Restoration program, if as of that juncture (and for purposes of applying this subsection 5(c)) annual funding levels (excluding the Extra Contribution Account) had materially exceeded the applicable PFRS Restoration Targets for a substantial period yet without any material actual restoration of benefits as contemplated herein having been made, the Investment Committee or the Board, as the case may be, shall provide written notice to the other entity of such a determination and of the need to amend this Restoration Agreement (it being understood that the post-Chapter 9, 40-year amortization period (to 2053) to fully fund PFRS frozen liabilities is, unless the relevant facts demonstrate otherwise, presumptively reasonable). The Investment Committee and the Board shall then meet to negotiate amendments to this Agreement that address the identified risk of harm or impairment, but which also considers this Agreement's objective of providing pension restoration. Such negotiations shall take into account reasonable actions the City has pursued or could pursue to mitigate such harm or impairment. Any such amendments shall require the approval of a majority vote of the combined members of the Committee and Board (persons who sit on both the Board and Committee shall have one vote). Such parties shall consult with the Mayor, City Council and the Governor in connection with such negotiation. If the Board, acting through a majority, and the Investment Committee, acting through a majority, cannot agree to such amendments with the 90-day period following the provision of such notice by the determining party, then the Board and Investment Committee shall proceed to mediation upon demand from either the Board or the Investment Committee. In this regard, within 30-days following expiration of the 90-day period the Board and the Investment Committee shall each select a mediator from the list of approved mediators for the United States District Court for the Eastern District of Michigan. The two selected mediators shall

appoint a third neutral mediator from the approved list. Each party shall furnish a written statement to the mediators within 30 days of selection of the neutral mediator. Representatives of the Mayor and the Governor shall be consulted in connection with such mediations. If following a 90-day mediation period following submission of the written statements the matter is not settled, then either the Investment Committee or the Board can file an action in the United Stated District Court for the Eastern District of Michigan asking it to declare, inter alia, whether or in what manner to amend this Agreement.

### **EXHIBIT A**

**PFRS** - The 2033 and 2043 Funding Targets shall be 3.0% and 6% higher than the actual 2023 Funded Level rounded to the nearest 10<sup>th</sup> decimal. The Restoration Target shall be 3.0% higher than the Funding Target but not less than 81% and 84% in 2033 and 2043, respectively. The Permanent Restoration Targets shall be shall be equal to the Restoration Targets for all time periods. The Restoration Reserve Suspension Trigger will be set 1% higher than the projected Funding Target for all time periods.

### EXHIBIT II.B.3.r.ii.C

TERMS OF GRS PENSION RESTORATION

# **TERMS OF GRS PENSION RESTORATION**

# **Pension Restoration Process**

The following rules shall govern how accrued pensions, including COLA benefits, that are reduced as part of the Plan of Adjustment, shall be restored during the thirty year period following the Confirmation Order. The pension restoration process shall be supervised, and restoration decisions undertaken by the Investment Committee of GRS and in accordance with the pension governance provisions set forth in the State Contribution Agreement and exhibits thereto. This pension restoration program shall be deemed a part of Component II of the Combined Plan for the General Retirement System of the City of Detroit, but in the event of any conflict between the language set forth herein and the Combined Plan the terms of this Pension Restoration Agreement will govern.

### **GENERAL RESTORATION RULES**

# I. GRS RESTORATION

# 1. <u>Waterfall Categories</u>

There will be three Waterfall Classes:

- a. GRS Waterfall Class 1 Retirees, in retirement benefit pay status as of June 30, 2014, and their surviving spouses and beneficiaries
- b. GRS Waterfall Class 2 Retirees, who entered into retirement benefit pay status after June 30, 2014, and their surviving spouses and beneficiaries, and who are in pay status as of the end of the GRS Fiscal Year prior to the year in which the restoration decision is made
- c. GRS Waterfall Class 3 All other GRS participants who as of June 30, 2014 are not in retirement benefit pay status

## 2. General GRS Pension Restoration Through June 30, 2023

Each year in conjunction with the annual actuarial valuation report, the GRS actuary will project the GRS funded ratio as of 2023 based upon the market value of plan assets relative to the actuarial accrued liabilities (the "Funded Level"). This projection will be further based upon a 6.75% assumed rate of investment return which is net of expenses (investment and administrative), future employer contributions as set forth in the Plan of Adjustment (subject to the conditions in the Plan of Adjustment) and such other actuarial assumptions as utilized by the GRS actuary. For purposes of GRS Restoration through June 30, 2023, the Funding Target will be a 70% funded ratio, the Restoration Target will be a 75% funded ratio, and the Restoration Reserve Suspension Trigger will be a

71% funded ratio, all projected to June 30, 2023. For purposes of calculating the funded ratio, the assets in the Restoration Reserve account will be excluded. Each year, if the actuary projects that the projected Funded Level as of June 30, 2023 (excluding Restoration Account assets to avoid double counting) exceeds the Restoration Target (i.e., exceeds 75%), a credit of assets for bookkeeping purposes will be made into a new notional Restoration Reserve Account. The notional credit will be in an amount equal to the excess of assets above the amount projected to be needed to satisfy the Restoration Target. Once the Restoration Reserve Account is established, each year thereafter, Restoration Account assets will be credited with interest in an amount equal to the net return on plan investments, but capped at the actuarially assumed rate of investment return (i.e., 6.75% for the period through June 30, 2023). In the event of net losses, the credited asset value of the Restoration Reserve Account will be diminished to reflect such losses and any required transfer to the GRS Pension Reserve Account.

To the extent that the City's (including DWSD or a successor authority) actual contributions in any of the FYs 2015 through 2023 are less than the contributions provided for in the Plan of Adjustment, such difference and any investment earnings thereon shall be notionally allocated to the Pension Fund Reserve Account.

Actual restoration payments and credits will work as follows: Each year in conjunction with preparation of the annual actuarial valuation report and following establishment of the Restoration Reserve Account, the GRS actuary will determine whether there are sufficient funds in such account to restore a portion of the 4.5% across the board pension cuts in one or more minimum incremental amounts equal to ½% of the monthly benefit for each member of GRS Waterfall Class 1 (i.e. reducing the initial across the board cut to 4.0%). This restoration only occurs if the funding level in the Restoration Reserve Account can fund 100% of each incremental increase over the remaining actuarially projected lives of the eligible recipients in GRS Waterfall Class 1. If the Restoration Reserve Account satisfies the required funding level, then in the next GRS fiscal year, actual restoration payments will be made to GRS Waterfall Class 1 members in amounts equal to the benefit associated with each increment that have been fully funded in the Restoration Reserve Account. Once Waterfall Class 1 has sufficient assets in the GRS Restoration Reserve Account to fully fund and restore the 4.5% cut in their monthly benefits, and to the extent that additional assets in the Restoration Reserve Account remain and will fully fund at least ½% of the monthly benefit for each member of GRS Waterfall Class 2 over their remaining actuarially projected lives, then GRS Waterfall Class 2 members will receive pension restoration in minimum ½% benefit increments until an amount equal to the 4.5% cuts in their monthly benefits has been fully funded. At that juncture, and to the extent that additional assets in the Restoration Reserve Account remain and will fund at least a minimum 1/2% of the monthly benefit of each member in GRS Waterfall Class 3 over their remaining actuarially projected

lives, then each such member of the class shall receive a credit granting them a right upon retirement to receive pension restoration equal to the benefit increments that are fully funded. Restoration payments will be calculated and paid on a prospective basis only.

After the full 4.5% across the board pension cuts are restored for all three GRS Waterfall Classes, and to the extent there are additional assets in the Restoration Reserve Account to fully fund COLA benefits over the actuarially-projected lives of the eligible recipient GRS Waterfall Class, such assets will be used to fully fund and restore a portion of the COLA values that were eliminated as part of the Plan of Adjustment. COLA will be restored in minimum 10% COLA value increments up to 50% of the future COLA values for each member of GRS Waterfall Class 1 (i.e., a 50% future COLA value will constitute a 1.25% simple COLA), then up to 50% of the future COLA values for each member of Waterfall Class 2, and then up to 50% of the future COLA values for each member of Waterfall Class 3 until all members of the three GRS Waterfall Classes have had 50% of the value of their COLAs fully funded and restored. After 50% of the future values of COLA have been fully funded and restored, and to the extent there are additional assets in the Restoration Reserve Account for each of the three GRS Waterfall Classes. then a second 50% COLA restoration will be made, first to members of GRS Waterfall Class 1, then Waterfall Class 2, and then Waterfall Class 3. Classes will be restored in minimum 10% COLA value increments. Restoration payments will be calculated and paid on a prospective basis only.

If the amounts in the Restoration Reserve Account are sufficient to fully-fund the 4.5% across the board pension cuts for all three GRS Waterfall Classes and 100% COLA restoration for all three GRS Waterfall Classes, then any additional assets in the Restoration Reserve Account shall be used to increase the frozen accrued benefits of active and other GRS participants whose ASF accounts were diminished as part of the ASF Recoupment, such that they receive treatment equal to the 20%/20% ceiling applied to retirees in pay status under the Plan of Adjustment. If after such pension restoration there are additional assets in the Restoration Reserve Account to fully fund benefit increments over their remaining actuarially projected lives, GRS Waterfall Class 1 members will receive pension restoration in ½% benefit increments of the reductions to their monthly pension due to ASF Recoupment, and once such pension benefits are restored, Waterfall Class 2 members will receive pension restoration in ½% benefit increments in connection with the reductions to their monthly pensions due to ASF Recoupment. Restoration payments will be calculated and paid on a prospective basis only.

Once restoration payments to applicable retirees and restoration credits to active employees begin, as long as the Restoration Reserve Account continues to have assets sufficient to fund 100% of an incremental pension restoration amount for such GRS Waterfall Class members for their actuarially projected lives, such restoration payments and credits will continue; provided, however,

that in the event the Restoration Reserve Account, after having sufficient assets to fund 100% of two or more increments (over their actuarially projected lives), falls below 100% for the second or greater increment, the annual amounts to pay such second or other additional increment can continue until the Restoration Reserve Account lacks any assets to fund it. For example, assume a ½% increment in GRS Waterfall Class 1 requires \$10 million in assets to be fully funded for the GRS Waterfall Class' actuarially projected lives, and that based on FY 2018 results the Restoration Reserve Account has assets of \$22 million so as to fund two increments of restoration in FY 2019, *i.e.*, a 1% pension increase. Assume further that in the following year the Restoration Reserve Account drops in value to \$17 million; in such event two increments could still be paid, and the second increment of  $\frac{1}{2}$ % would cease being paid only if the value of assets in the Restoration Reserve Account dropped to or below \$10 million (in the event they dropped below \$10 million, the first increment also would cease being paid). For purposes of restoration reduction, restoration increments will be taken away in reverse order in which they were granted (i.e. last in, first out).

In the event the GRS Funded Level (not including Restoration Reserve Assets) falls below 71% (hereinafter, "Restoration Reserve Suspension Trigger"),, then, until such time as the projected GRS Funded Level in 2023 is 71% or above, further interest credits to the notional Restoration Reserve Account will cease notwithstanding the actual net GRS investment returns for the fiscal year in question. Furthermore, if the GRS Funded Level projected to 2023 falls below the Funding Target (i.e., 70%) then restoration payments and credits in the following year will be modified in the following manner: (1) funds previously credited to the Restoration Reserve Account will be notionally transferred and credited to the GRS Pension Reserve Account in sufficient amounts to restore the projected GRS Funded Level in 2023 to 70%; (2) following such transfer, the remaining assets in the Restoration Reserve Account shall be applied to make restoration payments in accordance with and pursuant to the same mechanism described in the previous paragraph.

Following receipt of the actuarial reports for 2019, and in the event that the projected Funded Level of GRS as of 2023 is less than 71%, the GRS actuary shall revisit the restoration calculations that it made during each of the prior 4 years. It shall recalculate each such prior year's Funded Level projection, this time by assuming the lesser of (i) \$4.5 million in annual administrative expenses until 2023, or (ii) an amount of annual administrative expenses until 2023 equal to the average annual normal course administrative expenses in the prior 4 years applicable to Component II, in addition to a net 6.75% annual investment return. If such retrospective recalculation indicates that fewer amounts would have transferred to the GRS Restoration Reserve Account than actually were transferred during such look back period, then the GRS Restoration Reserve Account shall be debited by the lesser of (i) this difference (plus interest at a rate equal to the rate that was credited to the Restoration Reserve Account during the look-back period or (ii) the dollars that were actually paid out in restoration

payments during such look-back period (plus interest at a rate equal to the rate that was credited to the Restoration Reserve Account during the look-back period); or (iii) the amount required to increase the projected 2023 GRS Funded Level to 71%.

# 3. General GRS Pension Restoration from July 1, 2023 to June 30, 2033.

During this period, the Funding Target, the Restoration Target, the Permanent Restoration Targets and the Restoration Reserve Suspension Trigger shall be as set forth on Exhibit A hereto. The same rules for variable restoration payments and credits that applied during the period ending June 30, 2023 shall apply during the period ending June 30, 2033 (including ceasing interest credits in the event of a Restoration Reserve Suspension Trigger, and making Restoration Account asset transfers in the event the 2033 GRS Funded Level falls below the 2033 Funding Target), except as follows. For purposes of determining whether the 2033 Restoration Target has been satisfied, the Plan actuary shall project investment returns through June 30, 2033 at the then current investment return assumption which is assumed to be net of expenses (administrative and investment) and the applicable actuarial assumptions as utilized in the annual actuarial valuation. Further, the GRS Plan actuary shall assume, merely for purposes of determining whether the Restoration Target is satisfied, that the annual City contribution amount shall be the annual amount necessary to fund the GRS based upon an amortization of the actual 2023 UAAL at market value over 30 years (hereinafter, the "2023 UAAL Amortization") and in such manner that the resulting annual contribution stream would achieve the GRS Funding Target (on Exhibit A) as of 2033. (Such projected, hypothetical contributions shall be for purposes only of making restoration determinations, and shall not necessarily be the actual contributions made or required to be made by the City or recommended during such period; all of which shall be determined independent of the restoration calculation process.). For purposes of calculating the funded ratio, the assets in the Restoration Reserve account will be excluded.

To the extent that the City's actual contributions to the GRS in any of the FYs 2024 (the year ending June 30, 2024) through 2033 are greater than the projected annual contribution under the 2023 UAAL Amortization, such amounts, and any investment earnings thereon, shall be notionally credited to a new bookkeeping account in GRS called the Extra Contribution Account. In determining pension restoration during the period from FY 2024 through 2033, none of the amounts in the Extra Contribution Account shall be considered for purposes of determining the projected funded level for the Restoration Target or Permanent Restoration Targets. To the extent that the City's (including for this purpose DWSD or a successor authority) actual contributions in any of the FYs 2024 through 2033 are less than the projected annual contribution under the 2023 UAAL Amortization, such difference and any investment earnings thereon shall be notionally allocated to the Pension Fund Reserve Account.

Each year, in addition to the credit of assets that exceed the amount necessary to satisfy the Restoration Target, existing Restoration Account assets will be credited with interest equal to the net return on plan investments, but capped at the then investment return assumption. In the event of net losses, the credited asset value of the Restoration Reserve Account will be diminished to reflect such losses.

In connection with preparation of the actuarial report for FY 2028, the GRS actuary will determine whether GRS has satisfied the applicable Permanent Restoration Target, which shall be 75%. Transfers from the Restoration Reserve Account for credit to the GRS Pension Reserve Account may be made in such amounts as are necessary to satisfy the Permanent Restoration Target. If following such transfers the GRS Funded Level as of June 30, 2028 has satisfied the Permanent Restoration Target (75%), then the amounts in the Restoration Reserve Account, if any (which will necessarily represent excess not necessary to satisfy the Permanent Restoration Target), and which fully fund one or more increments of restoration payments for one or more GRS Waterfall Classes over such GRS Waterfall Class members' actuarially projected lives, shall be transferred from the Restoration Reserve Account and credited to the GRS Pension Reserve Account and the applicable incremental payments shall be permanently restored for the applicable GRS Waterfall Class and shall no longer be variable from year to year. Variable restoration payments will continue to be paid or credited during the period from July 1, 2028 through June 30, 2033 based on the applicable Restoration Target set forth in Exhibit A and otherwise in accordance with this restoration memorandum, notwithstanding whether the Restoration Target during this period is less than the Permanent Restoration Target as of June 30, 2028 of 75%.

In connection with preparation of the annual actuarial valuation report for FY 2033, the GRS actuary will determine whether GRS has satisfied the Permanent Restoration Target for 2033, as set forth on Exhibit A. Transfers from the Restoration Reserve Account for credit to the GRS Pension Reserve Account may be made in such amounts as are necessary to satisfy the Permanent Restoration Target . If following such transfers the GRS Funded Level as of June 30, 2033 has satisfied the applicable Permanent Restoration Target, then the amounts in the Restoration Reserve Account if any (which will necessarily represent excess not necessary to satisfy the Permanent Restoration Target), and which fully fund one or more increments of restoration payments for one or more GRS Waterfall Classes over such GRS Waterfall Class members' actuarially projected lives, shall be transferred from the Restoration Reserve Account and credited to the GRS Pension Reserve Account and the applicable incremental payments shall be permanently restored for the applicable GRS Waterfall Class and shall no longer be variable from year to year.

Following receipt of the actuarial reports for 2028, and in the event that the projected Funded Level of GRS as of 2033 is less than 71%, the GRS actuary shall revisit the restoration calculations that it made during each of the prior 4 years. It shall recalculate each such prior year's Funded Level projection, this time by assuming the lesser of (i) \$4.5 million in annual administrative expenses until 2033, or (ii) an amount of annual normal course administrative expenses until 2033 equal to the average annual administrative expenses in the prior 4 years applicable to Component II, in addition to a net 6.75% annual investment return. If such retrospective recalculation indicates that fewer amounts would have transferred to the GRS Restoration Reserve Account than actually were transferred during such look back period, then the GRS Restoration Reserve Account shall be debited by the lesser of (i) this difference (plus interest at a rate equal to the rate that was credited to the Restoration Reserve Account during the look-back period or (ii) the dollars that were actually paid out in restoration payments during such look-back period (plus interest at a rate equal to the rate that was credited to the Restoration Reserve Account during the look-back period); or (iii) the amount required to increase the projected 2033 GRS Funded Level to 71%.

# 4. General GRS Pension Restoration from July 1, 2033 to June 30, 2043.

During this period, the Funding Target, the Restoration Target, the Permanent Restoration Target and the Restoration Reserve Suspension Trigger shall be as set forth on Exhibit A hereto. The same rules for restoration that applied during the period ending June 30, 2033 shall otherwise apply (including ceasing interest credits in the event of a Restoration Reserve Suspension Trigger, and making Restoration Account asset transfers in the event the 2043 GRS Funded Level falls below the 2043 Funding Target). For example, for purposes of determining whether the 2043 Restoration Target has been satisfied, the Plan actuary shall project annual contributions using the same 2023 UAAL Amortization. For purposes of calculating the funded ratio, the assets in the Restoration Reserve account will be excluded, and no Extra Contribution Account assets shall be included for purposes of determining whether the Funded Level meets the Restoration Target or Permanent Restoration Target, including any additions to such account after 2033.

In connection with preparation of the annual actuarial valuation report for FY 2043, the GRS actuary will determine whether GRS has satisfied the applicable Permanent Restoration Target, as set forth on Exhibit A. Transfers from the Restoration Reserve Account for credit to the GRS Pension Reserve Account may be made in such amounts as are necessary to satisfy the Permanent Restoration Target. If following such transfers the GRS Funded Level as of June 30, 2043 is s equal to or greater than the applicable Permanent Restoration Target, then the amounts in the Restoration Reserve Account if any (which will necessarily represent excess not necessary to satisfy the Permanent Restoration Target),

shall be transferred from the Restoration Reserve Account and credited to the GRS Pension Reserve Account and the applicable payments for the applicable GRS Waterfall Class shall be permanently restored and shall no longer be variable.

# 5. <u>Modification of the Pension Restoration Program</u>

If any time after July 1, 2026, the GRS Investment Committee (by vote of 5 of its 7 members), or the GRS Board of Trustees (by a greater than 66% vote) determines that a change in relevant circumstances has occurred, or there was a mutual mistake of fact in developing this Pension Restoration Agreement, such that the continued operation of this Agreement without amendment will: (a) materially harm the long-term economic interests of the City, or Retirement System; (b) materially impair the City's ability to fully fund over a reasonable period the then existing frozen benefit liabilities; or (c) materially hinder the Restoration program, if as of that juncture (and for purposes of applying this subsection 5(c)) annual funding levels (excluding the Extra Contribution Account) had materially exceeded the applicable PFRS Restoration Targets for a substantial period yet without any material actual restoration of benefits as contemplated herein having been made, the Investment Committee or the Board, as the case may be, shall provide written notice to the other entity of such a determination and of the need to amend this Restoration Agreement (it being understood that the post-Chapter 9, 40-year amortization period (to 2053) to fully fund GRS frozen liabilities is, unless the relevant facts demonstrate otherwise, presumptively reasonable). The Investment Committee and the Board shall then meet to negotiate amendments to this Agreement that address the identified risk of harm or impairment, but which also considers this Agreement's objective of providing pension restoration. Such negotiations shall take into account reasonable actions the City has pursued or could pursue to mitigate such harm or impairment. Any such amendments shall require the approval of a majority vote of the combined members of the Committee and Board (persons who sit on both the Board and Committee shall have one vote). Such parties shall consult with the Mayor, City Council and the Governor in connection with such negotiation. If the Board, acting through a majority, and the Investment Committee, acting through a majority, cannot agree to such amendments with the 90-day period following the provision of such notice by the determining party, then the Board and Investment Committee shall proceed to mediation upon demand from either the Board or the Investment Committee. In this regard, within 30-days following expiration of the 90-day period the Board and the Investment Committee shall each select a mediator from the list of approved mediators for the United States District Court for the Eastern District of Michigan. The two selected mediators shall appoint a third neutral mediator from the approved list. Each party shall furnish a written statement to the mediators within 30 days of selection of the neutral mediator. Representatives of the Mayor and the Governor shall be consulted in connection with such

mediations. If following a 90-day mediation period following submission of the written statements the matter is not settled, then either the Investment Committee or the Board can file an action in the United Stated District Court for the Eastern District of Michigan asking it to declare, *inter alia*, whether or in what manner to amend this Agreement.

# **EXHIBIT A TO THE GRS PENSION RESTORATION PROGRAM**

**GRS -** The 2033 and 2043 Funding Targets shall be equal to the actual 2023 Funded Level rounded to the nearest 10<sup>th</sup> decimal . The Restoration Target shall be 3.0% higher than the Funding Target but not less than 73%. The Permanent Restoration Targets shall be 75% in 2028, and 1% higher than the Restoration Targets in 2033 and 2024, but not less than 75%.. The Restoration Reserve Suspension Trigger will be set 1% higher than the projected Funding Target for all time periods.

SCHEDULE OF POSTPETITION COLLECTIVE BARGAINING AGREEMENTS

## **EXHIBIT II.D.5**

### SCHEDULE OF POSTPETITION COLLECTIVE BARGAINING AGREEMENTS

### I. FULLY APPROVED AGREEMENTS<sup>1</sup>

### A. City of Detroit Collective Bargaining Agreements

- 1) Master Agreement Between the City of Detroit and the Police Officers Association of Michigan (POAM), 2013-2018, dated November 12, 2013.
- 2) Master Agreement Between the City of Detroit and the International Brotherhood of Teamsters Local 214 2013-2018, dated December 18, 2013.
  - a. Supplemental Agreement Between the City of Detroit Police Department and Teamsters State, County and Municipal Workers, Local 214 2013-2018, dated December 18, 2013.
  - b. Supplemental Agreement Between the Department of Public Works and Teamsters Local 214 2013-2018, dated December 18, 2013.
  - c. Supplemental Agreement Between the General Services Department and Teamsters Local 214 2013-2018, dated December 18, 2013.
  - d. Supplemental Agreement between the City of Detroit Municipal Parking Department and Local #214 Teamsters State, County and Municipal Workers, 2013-2018, dated December 18, 2013.
- 3) Master Agreement Between the City of Detroit and the International Union of Operating Engineers (IUOE) Local 324 2013-2018, dated December 18, 2013.
- 4) Master Agreement Between the City of Detroit and the International Union of Operating Engineers (IUOE) Local 324 (Park Management) 2013-2018, dated December 18, 2013.
- Master Agreement Between the City of Detroit and the International Union of Operating Engineers (IUOE) Local 324 (Principal Clerks) 2013-2018, dated December 18, 2013.
- 6) Master Agreement Between the Assistant Supervisors of Street Maintenance and Construction and the City of Detroit 2014-2018, dated February 26, 2014.
- 7) Master Agreement Between the City of Detroit and the Michigan Building and Construction Trades Council 2014-2018, dated May 1, 2014.
- 8) Master Agreement Between the City of Detroit and the Emergency Medical Service Officers Association (EMSOA) 2014-2019, dated June 11, 2014.
- 9) Master Agreement Between the City of Detroit and Local 1863 of the American Federation of State County and Municipal Employees, AFL-CIO (Detroit Civilian Crossing Guards) 2014-2018, dated June 27, 2014.
- Master Agreement Between the City of Detroit and Local 542 of the American Federation of State County and Municipal Employees, AFL-CIO (Motor City Seasonals) 2014-2018, dated June 27, 2014.

<sup>&</sup>quot;Fully Approved Agreements" means those collective bargaining agreements that have been (i) ratified by the applicable bargaining unit or units, as necessary (ii) approved by the applicable City or Detroit Water and Sewerage Department bargaining representatives, (iii) approved by the Emergency Manager and (iv) approved by the Office of the Treasurer of the State of Michigan.

- 11) Master Agreement Between the City of Detroit and Local 1206 of the American Federation of State County and Municipal Employees, AFL-CIO (Detroit Forestry and Landscape Foreman's Union) 2014-2018, dated June 27, 2014.
- Master Agreement Between the City of Detroit and Local 2394 of the American Federation of State County and Municipal Employees, AFL-CIO (Supervisory Unit) 2014-2018, dated June 27, 2014.
  - a. Supplemental Agreement Between the City of Detroit Elections Department and Local 2394 of the American Federation of State County and Municipal Employees, AFL-CIO (Supervisory Unit) 2014-2018, dated June 27, 2014.
  - b. Supplemental Agreement Between the City of Detroit Municipal Parking Department and Local 2394 of the American Federation of State County and Municipal Employees, AFL-CIO (Supervisory Unit) 2014-2018, dated June 27, 2014.
  - c. Supplemental Agreement Between the City of Detroit Planning and Development Department and Local 2394 of the American Federation of State County and Municipal Employees, AFL-CIO (Supervisory Unit) 2014-2018, dated June 27, 2014.
  - d. Supplemental Agreement Between the City of Detroit Police Department and Local 2394 of the American Federation of State County and Municipal Employees, AFL-CIO (Supervisory Unit) 2014-2018, dated June 27, 2014.
  - e. Supplemental Agreement Between the City of Detroit Recreation Department and Local 2394 of the American Federation of State County and Municipal Employees, AFL-CIO (Supervisory Unit) 2014-2018, dated June 27, 2014.
- Master Agreement Between the City of Detroit and Local 6087 of the American Federation of State County and Municipal Employees, AFL-CIO (Paving Forepersons) 2014-2018, dated June 27, 2014.
- 14) Master Agreement Between the City of Detroit and the Detroit Police Command Officers Association 2014-2019, dated June 18, 2014.
- 15) Master Agreement Between the City of Detroit and the Detroit Income Tax Investigators Association 2014-2018, dated August 11, 2014.
- Master Agreement Between the City of Detroit and the Association of Municipal Inspectors 2014-2018, dated June 27, 2014.
- Master Agreement Between the City of Detroit and the Service Employees International Union (SEIU) Local 517-M (Supervisory Unit) 2014-2018, dated June 25, 2014.
- Master Agreement Between the City of Detroit and the Service Employees International Union (SEIU) Local 517-M (Non-Supervisory Unit) 2014-2018, dated June 25, 2014.
- Master Agreement Between the City of Detroit and the Service Employees International Union (SEIU) Local 517-M (Professional and Technical Unit) 2014-2018, dated June 25, 2014.
- 20) Master Agreement Between the City of Detroit and the Association of City of Detroit Supervisors 2014-2018, dated June 27, 2014.
- 21) Master Agreement Between the City of Detroit and the Association of Professional and Technical Employees 2014-2018, dated July 22, 2014.
- 22) Master Agreement Between the City of Detroit and the Senior Accountants, Analysts and Appraisers Association 2014-2018, dated May 27, 2014.

- 23) Master Agreement Between the City of Detroit and Michigan Council 25 of the American Federation of State, County and Municipal Employees, AFL-CIO (Non-Supervisory Bargaining Unit) 2014-2018, dated June 27, 2014.
- 24) Master Agreement Between the City of Detroit and the Detroit Police Officers Association (DPOA) 2014-2019, dated October 1, 2014.
- 25) Master Agreement Between the City of Detroit and the Association of Professional Construction Inspectors 2014-2018, dated September 30, 2014.
- 26) Master Agreement Between the City of Detroit and the United Automobile, Aerospace and Agricultural Implement Workers of America (UAW) Local 212 Police Commission Investigators 2014-2018, dated October 20, 2014.
- 27) Master Agreement Between the City of Detroit and the United Automobile, Aerospace and Agricultural Implement Workers of America (UAW) Local 412 Legal Assistants 2014-2018, dated October 20, 2014.

### B. Detroit Water and Sewerage Department Collective Bargaining Agreements

- 1) 2012-2018 Master Agreement Between the Detroit Water & Sewerage Department and AFSCME, Michigan Council 25 Local 2920.
- 2) Master Agreement Between the City of Detroit and the Michigan Building and Construction Trades Council 2013-2016, dated June 26, 2013.
  - Memorandum of Agreement between the Detroit Water and Sewerage Department and the Michigan Building & Construction Trades Council to amend their June 26, 2013 - June 30, 2016 collective bargaining agreement.
- 3) 2013-2016 Master Agreement Between the Detroit Water & Sewerage Department and the Building Trades Foremen, dated June 26, 2013.
- 4) 2014-2016 Master Agreement Between the Detroit Water & Sewerage Department and the Detroit Senior Water Systems Chemists Association.
- 5) 2014-2019 Master Agreement Between the DWSD and Teamsters State, County and Municipal Workers, Local 214.
- 6) Memorandum of Agreement between the Detroit Water and Sewerage Department and the International Union of Operating Engineers, Local 324 to amend their March 25, 2013 June 30, 2022 collective bargaining agreement.
- 7) Memorandum of Agreement between the Detroit Water and Sewerage Department and the Association of Professional Construction Inspectors to amend their March 26, 2013 June 30, 2020 collective bargaining agreement.

# II. RATIFIED AGREEMENTS PENDING FINAL APPROVALS<sup>2</sup>

# A. Ratified City of Detroit Collective Bargaining Agreements Pending Final Approvals

- 1) Master Agreement Between the City of Detroit and the Detroit Police Lieutenants and Sergeants Association 2014-2019.
  - a. Tentative Agreement Between the City of Detroit and the Detroit Police Lieutenants and Sergeants Association, dated June 19, 2014.
- 2) Master Agreement Between the City of Detroit and the Association of Detroit Engineers 2014-2018.
- 3) Master Agreement Between the City of Detroit and Michigan Building and Construction Trades Council Tripartite 2014-2018.

4

<sup>&</sup>quot;Ratified Agreements Pending Final Approvals" means those collective bargaining agreements approved by the City bargaining representatives, and ratified by the applicable bargaining unit or units, as necessary, that remain subject to approval by either, or both, the Emergency Manager and the Office of the Treasurer of the State of Michigan. The inclusion of such collective bargaining agreements in this Exhibit does not, and shall not be deemed to, modify or waive the requirement for such approvals in any way.
